Tear off for Troop Registration

My daughter \_\_\_\_\_ has my permission to participate in the 2010 Community Encampment on the weekend of June 11-June 13,2010. I understand that I am responsible for my daughter's transportation to and from Union Catholic High School .

I understand that the deposit is non-refundable and will hold my daughter's space for this encampment.

I will fill out an official troop permission slip closer to the encampment date.

Parent Signature \_\_\_\_\_ Date \_\_\_\_\_

Girl Scouts Heart of New Jersey. Inc.

# Instructions for filling out Encampment Registrations

Only Brownies may opt to be Day Hoppers. They are also the only level permitted to choose to stay over one night or two nights. If an older troop decides to stay only one night they must pay for the two anyway. If an individual (not troop) of an older troop can only stay the day they too must pay the full price. Unless asked to stay Friday night by the director, due to overcrowding, all one night stays are from Sat am to Sunday am.

No troop may have an excessive number of "extra Moms". All extra moms will be required to work a two hour shift in order to help organize the meals or programming. This help is essential to a successful weekend. Only two adults per troop go free all others must pay.

A registration is not considered complete unless a roster listing all participants from the troop, including adults, and their emergency phone numbers are included with the form, please **do not** give back the permission slips-they are for your records only. Do not give the home phone number if no one will be there. Have the parents give a number that would be used in case of emergency during the weekend-cell #'s are preferred. All troops registered **MUST** have one day-skills certified person including day-hoppers. This training is available on-line. Please hand in your certifications as soon as possible. If possible include them with your registrations. Of course some CPR and First Aid will have to be renewed. Please do not include CPR or first aid cards that will expire before the encampment.

Only troop checks will be accepted for payment and they must be made out to the "Fanwood/Scotch Plains Encampment Fund"

No one may drive to camp without the express permission of the director. Those permitted to drive will be given a Parking Permit with their name on it.

Registrations are taken on a first come basis. Due to overcrowding it is possible that your troop will not be able to attend.

The individual Girl Scout form is only for informational purposes. It is not a permission slip. You as leader will need to put out a permission slip listing all necessary info and gear closer to trip time.
